Subject: - Blood Donation Drive

Dear Sir,

Considering the current pandemic situation and understanding the need for blood donors, it is high time that we urge people to step out of their homes for a good cause and taking up the responsibility of helping others simply by donating Blood which is one of the most vital needs of the hour. Understanding the need and persuading on the insights and support from the State Blood Transfusion Council (SBTC), We **TIRUPATI FOUNDATION** plan to step in and do our bit by creating awareness and encouraging the mass audience to come forward and donate blood in association with **LOKMAT MEDIA PVT LTD.**

With this initiative, we aim to strengthen the unity of the people to come together and build a bond of blood and care. The campaign will focus on spreading awareness about the overall cause, benefits of blood donation and related topics.

Subsequent to subject we request to allocate convenient date between 10th to 20th July 2021 & a place in company premises where we can arrange 2/3 beds and waiting area of about 15/20 chairs considering the Covid Social Distancing norms to carry the blood donation drive.

Your support and active participation will be highly appreciated.
Please feel free to call for any query.

Thanking You,

Regards,

Pankaj Thorat
